

orooco pier

dining | drinking | dreaming

Our customer and staff safety is at the heart of everything that we do. This is our “new normal” and what to expect...

- Our maximum table size is 6 from 2 households and due to social distancing measures we are not able to rearrange the restaurant in any way at this time so we will not join tables together for multiple bookings. We cannot accept multiple bookings for the one party.
- Your table will be allocated for two hours.
- We are operating within the Scottish Government one metre distancing guidelines.
- We ask guests not to arrive too early for their booking as we are unable to allow customers to sit at our bar areas.
- We are operating table service only, no drinks or food can be ordered at the bar.
- We only accept card payments and gift vouchers.
- Should there be any change to Government advice we will be in contact should this effect your reservation.
- If you or any of your party are feeling unwell please stay at home to keep others safe.
- At peak booking times you may be asked to queue. Please follow any guidance given by our team.
- We have increased our level of cleaning and sanitising throughout all customer areas.
- Customer toilets are continuously cleaned throughout the opening hours, however navigation to the toilet must be done with caution of other guests.
- Hand sanitiser is available throughout our venue.
- Smoking and vaping on the outside of our building will not be permitted, there is a designated smoking area on our outside rear terrace.
- Each household will be asked to submit your contact details for track and trace as per government guidelines. We will keep this information securely for 21 days after which it will be destroyed.
- Face coverings are mandatory whilst not sitting at your table.

Lastly, also expect a huge “welcome back”, along with a fun and friendly atmosphere!
