

Staff and customer safety is at the heart of everything we do. Here is some advice that we would ask you to follow:

- Wear a face covering when moving around the building.
- Scan the NHS QR Code for track and trace at the door on arrival.
- Sanitise and wash your hands regularly.
- Please take a lateral flow test the morning of your visit, if the result is positive please cancel your reservation ASAP.
- Please take a rain-check if you are feeling unwell, we would be happy to welcome you back at a later date.
- Treat our staff with kindness and respect, our main concern is your safety and we are following the guidelines in place to keep everyone safe.
- Pay with contactless where possible.
- If you do decide you would rather not come out at the moment, please contact a member of our team and we will assist you in re-arranging the date.
- 1 metre social distancing rule is in place.
