Humanist

Stewart Struthers

stewart.struthers@humanism.scot // <https://portal.humanism.scot/celebrant-profile/stewart-struthers/>

For over ten years I have been conducting ceremonies as a Celebrant for the Humanist Society Scotland. I have been lucky enough to create and deliver over five hundred legal weddings throughout Scotland, many at Orocco Pier. Every wedding has been different and unique, as every couple is different and unique in what they want. Some couples want a more serious, sober and traditional wedding ceremony, others want something more relaxed, humorous and engaging. My job is to work with couples to understand what they want, to explain their choices and options and then to create and deliver their perfect wedding ceremony. I don't take myself or life too seriously. I love a laugh and a good Gregg, my destination after most weddings...and sometimes before.
